God's Gift of Peace

Peace is more than a lack of conflict. A lull in action between two opponents only gives them a chance to regroup, to recharge for the next round. A void of violence does not lead to happiness.

True peace, on the other hand, gives us happiness, since it is built on trust. The gospel tells us how Jesus gave his followers peace because they trusted him. In spite of skepticism, he offers us the same peace.

The peace Christ gives us heals the fear and cynicism of the world. This peace builds bridges of trust and allows us to walk together to the Father. His peace allows us to continue to believe and to hold on to his very life. Let us, then, offer each other the peace of Christ, the Shalom of his Spirit.
