Catholic Consciousness in an **Evolving Universe**

The Second Vatican Council called the
church to *aggiornamento*, which included
viewing the world through the lens of
contemporary science. Recent discoveries
in quantum physics and evolutionary
biology are changing human self-
understanding. In this Year of Faith, Dr.
Michael Duggan will lead us in a
contemplation of how the present affords
an opportune moment for developing a
holistic or “Catholic” consciousness that
locates us within the adventure of an
evolutionary universe.

Canadian Catholic Campus Ministry (CCCM)
and Campion College invite you to this free
public lecture, held annually in the host city
of the CCCM conference. Dr. Duggan is
Professor of Theology and CWL Chair in
Catholic Studies at St. Mary's College in
Calgary. Thursday, May 23, 2013

7:00 p.m.

Campion Riffel Auditorium

A reception will follow. All are invited.

⇒ ⇒ ⇒ ⇒ **Pot-Luck Brunch**
following the Mass on May 26th :

Christina Attard, Annual Appeal
Director for the Archdiocese, will be
at the brunch and will be making a
short presentation regarding
“Planned Giving”. Everyone is
Welcome whether you are interested
in the presentation or not.

Pentecost Sunday: May 19th One miracle of Pentecost was that, despite their diversity, each listener heard God's word in his or her own language. The meaning for stewardship is that, by sharing the gifts poured out on us by the Holy Spirit, we will be empowered to meet the needs of our brothers and sisters, whatever they may be.
